DN_2 Blue | Technical specifications

Rated Voltage	kV	12	17,5	24
Rated current	A	800/1250	800/1250	800/1250
Short-term current	kA	25	25	25
Time of the short duration of current	s	1	1	1
Width	mm	750	750	750
Depth	mm	1050	1050	1050
Height	mm	1700	1700	1700
Height between ground and socket	mm	445	445	445
Weight	kg	460	460	460

The DN2 Blue is equiped with a Triple-phase load break switch RV71 and is insulated with nitrogen.
All switching operations are performed in vacuum.

This MV switchgear is a great alternative for other switchgear with SF_6 - insulation, to protect the sky. So choose BLUE.

SGC stands for:

- Optimal operator safety.
- User friendly, IEC certified, built to last products.
- Modern technology & ergonomic, eco-friendly production processes.
- Made-to-measure & optionally customer labeled.

Follow us:

SGC - SwitchGear Company nv.
Medium voltage switchgear, built to last.

SGC - SwitchGear Company nv has been supplying reliable products for electrical distribution for more than 45 years. Innovative ideas and environmental care are the driving forces behind SGC - SwitchGear Company nv. The development of complete solutions consists of a minimum number of components, all of which have an exceptional life span. SGC - SwitchGear Company nv stands for exceptional quality and superior customer care. Your desired specifications and deadlines are our main concern. An exclusive factory and highly automated production lines are key factors in our "state of the art" components and systems. It enables us to develop the NS-2, DN-2, DR-2, DW-2 Blue line to the highest quality standards.
When it comes to delivery times, prices and products SGC - SwitchGear Company nv delivers.
